After being mandated to close our studio on March 16, we began to offer a variety of FREE classes streamed LIVE from Empowered Indoor Cycling and Strength to our [Facebook Home page](#). Our goal was to help our community stay motivated, positive and EMPOWERED, during this very stressful time.

To date our videos have captured 500 - 1000 views each, and our audience continues to grow. We would like to continue to offer this free public service, yet like so many other businesses right now, we are unsure how long we can continue to cover regular non-negotiable business costs while not fully operational.

YOU CAN HELP!

Support Empowered, yourself and your community by becoming an **Empowered Free Class Sponsor** (see options right)

Do you have a business, service or organization that our community could benefit from knowing more about right now? **Let Empowered help you get the word out to our viewers!** A great way to show your community support
